

HAYWOOD IS NOW IN JAIL

Labor Man Put Under Arrest by Military Turned Over to Civil Authorities.

WAS VERY BADLY BEATEN

Attempted to Speak to Moyer and Struck Militia Captain in Face—Attacked by Troopers.

(By Associated Press.)

DENVER, April 21.—President Charles H. Moyer, of the Western Federation of Miners, who arrived in Denver to-day in custody of State troops, after several weeks' incarceration at Telluride, where martial law is in force, in consequence of labor troubles, was taken before the State Supreme Court this afternoon under the writ of habeas corpus which had been issued in his case. The court room was guarded by troops.

On return to the writ presented by Attorney-General Miller set forth that the petitioner, Moyer, is lawfully restrained of his liberty under and pursuant to the express command of the Governor of the State of Colorado as a military necessity.

General Bell's answer declared that Moyer was an active participant in forming and keeping alive the insurrection and rebellion in San Miguel county, and that it was necessary to restrain him for some time to come.

The court heard arguments on a motion of the petitioner to be admitted to bail pending a decision on the question of the court's jurisdiction, and took the matter under advisement.

Haywood Badly Beaten.

Defying the detachment of cavalry which brought Moyer to appear before the Supreme Court, W. D. Haywood, secretary-treasurer of the Federation, with a companion, went to the court house to see Moyer. Haywood was being taken from the train at the Union Depot this morning. When ordered to stand back by Captain Bulkeley Wells, commanding the guard, he struck the officer in the face. In a second he was surrounded by a cord of armed troopers, who struck at him with the butts of their carbines and beat him with six shooters. Why he was not killed by the excited soldiers is due to the action of Bert Givans, the orderly of Captain Wells, who struck up the muzzle of a gun aimed at Haywood and raised his foot to his forehead between two cars where the guardsmen had him cornered.

Placed under arrest, he was put in the middle of a hollow square of militiamen and marched to the Oxford Hotel near the depot. Here he again showed fight and was again surrounded. His injuries consist of a deep cut on the left side of his head and one the right side of his head which almost severed the lower lobe of his right ear.

When a demand was made by Police Captain Frank Lee for the release of Haywood on the ground that the militia rule did not extend to Denver, General Bell replied that he intended to hold Haywood as a military prisoner, and would shoot any one who attempted to take him, but nevertheless, under orders from Governor Peabody, Haywood was taken to the Sheriff Armstrong and placed in jail.

MAY POLE DANCE.

Beautiful Scene Last Night at the Chimborazo Bazaar.

Probably as many as five hundred people crowded the hall above the Chimborazo Hospital bazaar last night, where the long-awaited May-dance was held with great success.

About twenty-two young girls under the skillful direction of Mrs. Mark W. Peyer, of the Richmond College, fully and called down the hearty applause of the house. Their training by Mrs. Peyer has been most thorough, though they have been under her care only about two weeks. The entire programme was very attractive, and the most notable of the bazaar week. By special request the dance will be repeated Saturday night, when the fair will continue through the week. It is being held at No. 7 East Broad Street.

WILL UNITED STATES AGREE TO INTERVENE?

(Continued From First Page.)

ose government and the people. He has been granted more than one audience with the Mikado, who regards him highly, while the members of the cabinet are active with him. He has been actively, though discreetly, participated in the rejoicing over Japanese victories, and in every way is in a position to act as an acceptable intermediary to bring about an understanding between the warring powers.

The popularity of the American minister is fully shared by his wife and her mother. The Empress yesterday received the two American ladies in private audience. It was at a previous audience that the question of mediation was first broached by Her Majesty. The sympathy and co-operation of the fair American diplomat was noted, and she was taken into consideration as an active part in bringing about conditions which would admit of an attempt at mediation.

REPORT DENIED.

State Department Says Our Government Has Taken No Action in Movement to Intervene.

(Special to The Times-Dispatch.)

WASHINGTON, D. C., April 21.—Officials of the State Department will not confirm the report that a movement is on foot to have the United States intervene in the Russo-Japanese war. The State Department has taken no action in the movement to intervene.

It is pointed out that the relations between the United States and both the belligerents are most friendly. Minister Griscom, at Tokio, is extremely popular with the Japanese, both on account of his personality and the sincere regard with which the United States is viewed by the Japanese. The same is true of Ambassador McCormick, at St. Petersburg. Then both Russia and Japan realize that the United States is not a neutral power, and that it has ulterior ends to gain in the vicinity of the seat of war.

Both Mr. and Mrs. Griscom are personal friends of the Roosevelt. The father of the minister to Tokio, Mr. Clement C. Griscom, of Philadelphia, a noted shipbuilder, has long been a warm personal friend of the President, and this friendship also includes the son, Mrs. Griscom, who was Miss Elizabeth Duer Bronson, of New York, who was connected with Kings, Duer, Graceland and other prominent families. Mr. Griscom's career as a diplomat, has been an extremely brilliant one. He has conducted delicate negotiations, while minister to Turkey and later as minister to Persia, and is well qualified to manage any reported intervention between Russia and Japan.

REINFORCE NAVY.

Russia Will Fit Out Two Warships Purchased From Germany.

(By Associated Press.)

ST. PETERSBURG, April 21.—The admiralty, it is announced, intends to fit out two ships purchased from Germany, which formerly were in the trans-Atlantic service, together with a number of ships of the volunteer fleet, with rapid firing guns, and to send them to the Pacific to prey upon Japanese commerce. The admiralty believes that by this means it can keep the Japanese commercial fleet and strike a hard blow against Japan's hopes of maintaining her resources for the prosecution of the war.

It is authoritatively stated that Russia has been through a well known New York firm, two 7,000-ton and two 3,000-ton cruisers belonging to a South American republic, but has declined the offer.

All information in possession of the general staff indicates that the Japanese are preparing to make a landing near Takushu. The lights of Japanese ships have been observed there for several nights. It is thought that the concentration of the troops has been delayed by the bad weather, which has prevented the assembling of the junk and other small crafts on which the troops must be carried across the stream of shallow water, which extends several miles from the shore. It is believed that the Japanese will experience great difficulty in debarking if their landing is resisted.

JAPS EXECUTED.

Officers Captured by Russians Were Put to Death—Found Explosives on Their Persons.

(By Associated Press.)

ST. PETERSBURG, April 21.—The Emperor has received the following telegram from General Kuropatkin under to-day's date:

"I was quiet on the Yalu on the 19th and 20th, and there has been no change. On the night of the 19th, opposite Cape Towerville, west of Kai Chiu, a steamer was observed sending off boats, evidently for the purpose of taking soundings. The boats were fired upon. In another telegram to the Emperor General Kuropatkin says:

"I respectfully report to Your Majesty that two Japanese officers named Stecco Yukoka and Jiska Ohm, were arrested near the station of Tui Chi Kpa. In their possession were found three cases of black fuses, a French wrench, dynamite cartridges, tools of pyroxylin, dynamite, maps of Mongolia, Manchuria and Northern Korea, a number of notes.

"A court-martial held at Harbin April 20th, found them guilty while belonging to the Japanese army, of operating against Russia, and in order to gain success for their army, of destroying or

damaging telegraph or railroad communications by means of pyroxylin or other accessories provided for that purpose, and of making their way secretly into Manchuria, where they were arrested by Russian patrols, thirty miles southwest of the station of Tui Chi Kpa, on the Eastern Chinese Railway. The officers wore Mongolian dress to disguise their nationality.

"The officers were condemned to be executed by firing squad, and the sentence was executed by hanging. It confirmed the sentence, but, in view of the officers' consenting that they be shot instead of hanged, with the same loss of civil rights.

"I related their prayer to spare their lives, and they were executed at 6 o'clock in the evening of April 21st.

MARINES LEAVE.

United States Forces at Seoul Have Been Ordered to Leave That Place.

(By Associated Press.)

SEOUL, April 21, 5:20 P. M.—Lieutenant Douglas C. McDougal, United States Marine Corps, with seventy marines from the 10th Regiment, left for Tokyo yesterday, ordered to leave Seoul and sail on the cruiser Raleigh for Manila. The marines heretofore have crowded the small house in the legation compound and the Bostwick office building. The impossibility of properly housing the men during the winter has been quite a condition in Seoul and the presence of a sufficient Japanese garrison to quell any disturbances are responsible for the decrease in the strength of the American legation guard.

A singular coincidence of the death of Mr. Zimmerman is the fact that to-day he was seventy-three years of age. He is survived by seven children.

DEMAND PRISONER'S RELEASE

"Retribution" Returns to Port Royal for Coal—Captain Charges Piracy.

(By Associated Press.)

KINSTON, JAMAICA, April 21.—The British cruiser "Retribution," which, under instructions from the imperial government, sailed from Kingston April 11th for a Nicaraguan port, in connection with the seizure of six Cayman turtle schooners and the arrest of their crews by Nicaraguan officials, returned to Port Royal from the Nicaraguan coast to-day, after ascertaining that the vessels and crews had been sent to Bluefields. The captain of the "Retribution" accused the Nicaraguan commandant, under whose orders the schooners were seized, of piracy. There is consternation among the Nicaraguan officials over the affair. It was necessary for the "Retribution" to return to Port Royal to coal, and the cruiser will sail for Bluefields Saturday next to demand the release of the prisoners and the boats and also immediate compensation for their illegal seizure and detention.
